

SUSILA DHARMA USA

Guided From Within To Take Action

Our primary mission is to provide a way for Subud members to put into practice their inner receiving from the latihan kedjiwan regarding humanitarian action in the world.

Every Subud member is a member of Susila Dharma USA.

SUSILA DHARMA USA WHAT WE DO

We encourage humanitarian action

Supporting grassroots movements

Community based start ups

Partnering with other SD Nationals

Seeking grants that support larger collaborative projects

We meet once a year to review grant requests and decide on funding.

Each board member keeps current with Subud humanitarian projects worldwide and stays in communication with project leaders and relays updates to the entire board.

SD USA offers
small grants of 500.00
to Subud members
and/or their children who are
inspired to address
humanitarian
needs identified in their
communities.

We want to help you to help others!

More information and an application can be found on our website: susiladharmausa.org

"Pray to God to give you a heart as wide as the ocean...

One who possesses this nature possesses a happiness that knows no bounds. Your nature becomes like a well, a well spring from which water can be drawn without ceasing. It never dries up. You become like a fountain whose benefit is never reduced by what you give..."
