Graduation Ceremony

Applying strict health protocols the graduates arrived in line to receive their certificates. The area around the school was beautifully decorated by teachers and staff. It was a memorable day and luckily no rain was in sight.

Going through a difficult time during the past academic year with the COVID-19 pandemic, we held our Graduation Ceremony in June. This Graduation Ceremony included a tree planting event - as part of our 15,000 Tree Planting Program launched last year with the celebration of BCU's 15th Anniversary.

Proud to also share with you that our high school graduates are accepted in universities with flying colors ie. without entry tests, and through special invitation.

Teacher's Preparation Week

This week marks the start of the academic year 2021/22 for BCU School. thanks to the donations from SD USA we were able to equip our classrooms with the furniture and equipment ready for a hybrid classroom.

In preparation for this we had a teacher's prep week and tested the technical set up of the classroom taking into account the health protocols requirements.

Open House

The school arranged an Open House in March & April to attract more students. Some activities during this event included painting coconut shells, for potting and planting seedlings to take home.

This stirred some parents' interests, and we registered a total of 17 new students this new academic year.

Open House

Play Date

Imagine a whole year of online classes affecting the motivation and mood of our young students. To ignite their motivation.

We arranged Play Dates for individual classes to come to school and arranged various activities, such as jungle walk, painting or story telling - which made students and parents happy.

Play Date

PARTNERSHIPS

We partner with other institutions to enrich our student's experience and widen their horizon:

- St John's Grammar School, Australia.
- Konigin Louise Stiftung, Germany
- Cardinal Poole Catholic School, England
- Sekolah Cita Buana, Indonesia
- Centre d'Art de Preville, Canada
